

Biographical Statement

Name Sean E. Brown

Position(s) for which you wish to be considered:

Bethel Superior Court

Date: December 15, 2011

My family and I live in Bethel, Alaska. Though I am originally from a small town in Southern Kentucky, I have called Bethel home since 2001 when I moved here to take a position with a local firm. I found Bethel to be full of terrific people, and a great place to get outdoors with family and friends.

Since living in Bethel, I have been involved in the community and have come to know many people around the Yukon Kuskokwim Delta. I have represented many of these people in my law practice, which my business partner and I launched in 2005. Ours is an interesting and challenging practice, primarily providing representation to Alaskans in matters involving personal injury, medical mistake, and criminal defense.

I hope to be provided an opportunity to serve the community that has become my home.
