

Alaska Judicial Council

Judicial Applicant Biographical Statement

Name: Michael John Branson

Position(s): Anchorage District Court

Date: November 14, 2025

Born and raised in Anchorage, I attended the University of Alaska and graduated cum laude from SIU School of Law. During law school, I externed as a prosecutor for both the State of Alaska and the Municipality of Anchorage, and returned to Alaska immediately after graduating. Although I have practiced throughout the state, most of my career has been spent in the Anchorage District Court, where I have served as a prosecutor, a plaintiff's attorney, and a defense attorney. These experiences have given me a balanced understanding of the court's vital role as the people's court, where early intervention can help break cycles of crime and where citizens can resolve civil matters efficiently.

I learned a great deal from the judges I observed and developed deep respect for their thoughtful approach. I would be honored to join them in serving the Anchorage community and promoting fairness, accountability, and public safety.
